# Wöhler Drain Cleaning Machines

Flexible – powerful – effective

Buying a drain cleaning machine is a smart investment for a profitable long-term business, especially when you source all the necessary equipment from a single supplier. This ensures that everything works seamlessly together, from locating the issue to cleaning and inspecting the pipes afterward. There are various sets available tailored for different tasks and techniques.

### The complete range from the experts

Wöhler provides a comprehensive range of drain cleaning machines along with all necessary accessories, catering to various needs in the domestic wastewater sector. Choose from the compact Wöhler RM 200, the versatile Wöhler RM 300 that accommodates cables of different sizes, or the Wöhler RM 400, which features an integrated cable for a cleaner operation. A key benefit of the Wöhler series is that all cables and cleaning attachments are interchangeable across the devices.

With the appropriate service camera, you can swiftly and accurately identify blockages. As a professional, you can also document the cleaning results for your clients using an inspection camera. Wöhler has the perfect video inspection system to meet your needs, and we're here to provide you with expert advice.

Modular system

Easy cleaning

Easy to use

Robust housing

87° / DN 40

The Wöhler RM 200 Drain Cleaning Machine with protective hose enables clean and tidy cleaning of the kitchen drain.

Universal use of the Wöhler RM 300 Drain Cleaning Machine in the entire domestic wastewater sector thanks to cables in various sizes.

## Advantages

- ▶ Localisation – cleaning – inspection: Everything you need for the entire job from one manufacturer
- ▶ Equipment and accessories for all types of pipe cleaning in the domestic wastewater sector
- ▶ Wide range of quality accessories at a fair price
- ▶ On rollers or as a feed-through machine: An appliance for every cleaning preference
- ▶ Extremely user-friendly operation
- ▶ Future-proof business: An investment that pays off
- ▶ Modular system: Cables and heads are compatible with each other
- ▶ Competent, fast equipment service from the manufacturer

# Technical Data

## Wöhler RM 200 Drain Cleaning Machine

Power:	400 W
Mains voltage:	220 V / 50 Hz
Machine weight:	12.2 kg
Cable size:	Ø 8 mm x 5 m Ø 16 mm x 2.3 m
Max. working length:	40 m
Work area:	Ø 40...100 mm

## Wöhler RM 300 Drain Cleaning Machine

Power:	570 W
Mains voltage:	220 V / 50 Hz
Machine weight:	18.2 kg
Cable size:	Ø 8 mm x 5 m Ø 16 mm x 2.3 m Ø 22 mm x 4.6 m
Max. working length:	65 m
Work area:	Ø 40...100 mm Ø 50...150 mm

## Wöhler RM 400 Drain Cleaning Machine

Power:	390 W
Mains voltage:	220 V / 50 Hz
Machine weight:	41.78 kg
Cable size:	Ø 16...22 mm x 23 m
Max. working length:	23 m
Work area:	Ø 50...110 mm

## Application

- ▶ Blockages of various degrees
- ▶ Grease deposits on pipe walls
- ▶ Silted and sanded deposits

### Wöhler RM 200 Drain Cleaning Machine

- ▶ Cleaning of waste water pipes Ø 40...100 mm

### Wöhler RM 300 Drain Cleaning Machine

- ▶ Cleaning of waste water pipes Ø 40...110 mm / Ø 50...150 mm

### Wöhler RM 400 Drain Cleaning Machine

- ▶ Cleaning of waste water pipes Ø 50...110 mm

## Functionality

- ▶ Various cable sizes for cleaning the entire domestic area
- ▶ Modular system: Heads and cables are compatible with each other
- ▶ Easy to change the direction of rotation with a switch within easy reach
- ▶ Flexible: Quick change of heads

### Wöhler RM 200 Drain Cleaning Machine

- ▶ Cable length can be determined with the help of a handy coupling key
- ▶ Protective hose for clean and tidy cleaning and protection of domestic equipment
- ▶ Adapter for safe use of the cable
- ▶ Particularly well-suited as an entry level drain cleaning tool

### Wöhler RM 300 Drain Cleaning Machine

- ▶ Cable length can be determined with the help of a handy coupling key
- ▶ Protective hose for clean and tidy cleaning and protection of domestic equipment
- ▶ Adapter for safe use of the cable

### Wöhler RM 400 Drain Cleaning Machine

- ▶ Automatic feed for easier use of the device
- ▶ Easy transport thanks to rollers on the device
- ▶ Solving stubborn blockages through high performance

# Applications

Drains can also be cleaned outdoors with the Wöhler RM 400 Drain Cleaning Machine.

Easy transport of the Wöhler RM 400 Drain Cleaning Machine thanks to large, robust rollers.

# The perfect combination

The Wöhler Drain Cleaning Machines provide you with the perfect tools to tackle clogs and debris in your home's drainage system.

But how can you identify the trouble spots in your pipes? What kind of blockage are you dealing with? And can you be sure that all issues have been resolved after cleaning? Wöhler Camera Video Inspection Systems offer quick and professional insights to these questions, allowing for thorough inspection, precise localisation, and effective control, giving your customer the best results.

### Sewer Pipe Cleaning With A Drain Cleaning Machine

Wastewater and rainwater pipes can get clogged up for a bunch of reasons. Sometimes, it's due to a faulty pipe, like when they sag or have crushed seals that narrow the pipe and mess with the flow. In the kitchen, you'll often find drain pipes blocked by grease, leftover food, or limescale. Meanwhile, in the bathroom, it's usually a mix of stuff like wet wipes, feminine products, toilet paper, hair, and limescale. To tackle these blockages, a drain cleaning machine comes in handy.
