

## WS81 Set 230V

Item No: T0053250699N

Soldering station, 1 channel, 80 W /  
230 V, analog

## KEY FEATURES

- + Power unit, 1 channel with soldering iron WSP 80
- + Silver-Line Technology

# TECHNICAL DATA

|                              |                                                                         |
|------------------------------|-------------------------------------------------------------------------|
| Height                       | 102mm                                                                   |
| Length                       | 170mm                                                                   |
| Dimensions L x W x H         | 170.0 x 118.0 x 102.0mm                                                 |
| Equipotential Bonding Socket | Via 3.5mm pawl socket on back of device<br>(normal state hard grounded) |
| Number of Channels           | 1                                                                       |
| Power                        | 95 W                                                                    |
| Temperature Accuracy °C      | ± 9°C                                                                   |
| Temperature Accuracy °F      | ± 17°F                                                                  |
| Temperature Range °C         | 150 - 450 °C                                                            |
| Temperature Range °F         | 302 - 842 °F                                                            |
| UPC                          | 037103305350                                                            |
| Voltage                      | 230V                                                                    |
| Weight (Catalog)             | 1.89 kg                                                                 |
| Product Family               | WE Line Soldering Stations                                              |
