

Fiber Optic Cleaning Kit

OptiConcepts

Applications

- General Cleaning and Maintenance
- Lab Testing
- Field Testing

Key Features and Benefits

- A Complete Kit for Cleaning Connectors
- Sturdy Carrying Case
- Accessories for Cleaning Specific Connector Types such as SC and LC
- Accessories for Cleaning Various Connector Types

Overview

OptiConcepts Fiber Optic Cleaning Kits include all the necessary tools and consumables needed for general cleaning and maintenance of optical connectors, adapters, sleeves, and connector ports. OptiConcepts Fiber Optic Cleaning Kits offer several options for cleaning of various connectors and specific connector types, such as SC and LC. When testing fiber optic systems, all connections should be free from dirt and debris. This significantly reduces the time needed to troubleshoot a system under test. Using an OptiConcepts Fiber Optic Kit improves the fiber integrity of your system by enhancing connector performance and reduces the likelihood of system failure.

Fiber Optic Cleaning Kit

Ordering Information

PN: FOC-KIT-01

Desc: Swipe Card Connector Cleaner, Compressed Air (12 oz.), 2.5mm Wrapped Swabs (10), 1.25mm Wrapped Swabs (10), Kim Wipes (1 box), Alcohol Pads (50pk), Carrying Case

PN: FOC-KIT-02

Desc: Auto Feed Rotary Dispensing Connector Cleaner, Compressed Air (12 oz.), 2.5mm Wrapped Swabs (10), 1.25mm Wrapped Swabs (10), Kim Wipes (1 box), Alcohol Pads (50pk), Carrying Case

PN: FOC-KIT-SC

Desc: SC Connector Port Cleaner, Auto Feed Rotary Dispensing Connector Cleaner, Compressed Air (12 oz.), 2.5mm Wrapped Swabs (10), Kim Wipes (1 box), Alcohol Pads (50pk), Carrying Case

PN: FOC-KIT-LC

Desc: LC Connector Port Cleaner, Auto Feed Rotary Dispensing Connector Cleaner, Compressed Air (12 oz.), 1.25mm Foam Swabs (10), Kim Wipes (1 box), Alcohol Pads (50pk), Carrying Case

PN: FOC-KIT-BASIC

Desc: Replacement Consumables consisting of Swipe Card Connector Cleaner, Compressed Air (12 oz.), 2.5mm Wrapped Swabs (10), 1.25mm Wrapped Swabs (10), Kim Wipes (1 box), Alcohol Pads (50pk)

PN: FOC-KIT-BASIC2

Desc: Replacement Consumables consisting of 2.5mm Wrapped Swabs (10), 1.25mm Wrapped Swabs (10), Kim Wipes (1 box), Alcohol Pads (50pk)

PN: FOC-SC

Desc: SC Connector Port Cleaner

PN: FOC-LC

Desc: LC Connector Port Cleaner

Quality Statement

OptiConcepts is committed to providing customers with high quality, easy to use test equipment by integrating customer requirements with world-class engineering to create systems that reflect the needs of the market at an affordable price.
